On 10-18-18 at approx 0740 hours I was dispatched to a disorderly male at Cascade Behavioral located at 12844 Military Rd S. Dispatch advised that a male in the detox unit was yelling and screaming at staff. Further details provided that the male was chasing one of the staff members and that a staff member would be waiting outside to let us into the secured facility.

I arrived on location and made contact with Registered Nurse [REDACTED]. He said that the male in question had been yelling and swearing at staff and had tried to chase down a doctor. He said that he had been called to assist and attempted to contact the male to get him to leave. He said that the male was a voluntary detox patient but was out of control and that they were trying to get him to leave. He said that the male was hostile and swearing at him.

Officer Zaehler, Sgt. Mettlin and myself made contact with the male inside a secured detox floor on the third level. The male was identified and Identified himself as [REDACTED].

[REDACTED] was no longer yelling and screaming at staff when I contacted him. He started to tell us what had happened without any prompting. [REDACTED] complied with my direction and had a seat as he started to let us know what happened. He said that he was standing naked in his room when the doctor opened his door. He said that he closed the door and the doctor knocked again and open the door again as he was trying to get dressed. He said that he then came out of his room and was still naked. He said that the doctor had backed off but was still standing there looking at him. He said that he then pushed the doctor away from him. He said that was all he did.

I then went and spoke with RN [REDACTED]. I asked where the doctor was and she replied that they had to remove him from the area because [REDACTED] continued to target the doctor. She told me that [REDACTED] jumped at the doctor late identified as Dr. [REDACTED]. She described that [REDACTED] pushed and punched the doctor at the same time. She said that [REDACTED] continued to go after Dr. [REDACTED] and that the doctor had to be

moved out of the area for his safety.

I made contact with Dr. [REDACTED] who said that he was first contacted to provide treatment to [REDACTED] because he was hostile and disruptive. He said that he could not provide any medication to [REDACTED] because he was voluntarily at the facility for treatment. He said that he went to [REDACTED]'s door and knocked then opened the door to see [REDACTED] naked with liquid on the ground. He said that he opened the door again and [REDACTED] was yelling at him and threatening to hit him. He said that [REDACTED] jumped at him and grabbed him by the arm telling him that he was going to hit him. He said that he believed that [REDACTED] continued to come after him and he felt that he was going to be further assaulted. He said that he finally had to leave the floor.

After speaking with Dr. [REDACTED] and the other witnesses I determined that I had PC to arrest [REDACTED] for Assault 4th Deg.

I asked [REDACTED] to step into the hallway and I advised him that my body camera was still recording. I advised [REDACTED] that he was under arrest for assault and placed him in cuffs without problems. I told him that I would give him another chance to talk with me. I advised [REDACTED] of his Miranda Rights and he agreed to speak with me. He provided a similar account to his earlier statement where he was angry that Dr. [REDACTED] walked in on him when he was naked. I asked [REDACTED] if he had threatened to beat Dr. [REDACTED] and he replied "Ya I threatened to hit him," "I pushed him."

Officer Zaehler and Sgt. Mettlin took custody of [REDACTED] and Officer Zaehler transported and booked [REDACTED] in to SCORE Jail for Assault 4th Deg.

Staff had advised that [REDACTED] also had broken a window out in his room. I went inside the room and saw that the window was cracked. I took pictures of the damage and later downloaded the images to evidence.com.

there was not much detail on how the window got broken but I was able to speak with Supervising Nurse [REDACTED] and other staff who said that employees working the night shift would know about the window. I was provided the name of [REDACTED] who was one of the night time RN's as a possible witness. [REDACTED] was unsure if she wanted charges filed for the broken window and advised that she would have to check and get back with me.

I later contacted [REDACTED] by phone. He said that he did not witness [REDACTED] break the window but said that just before getting off shift this morning at approx. 0600 ours [REDACTED] was yelling and screaming from inside his room. He said that [REDACTED] had been intimidating and hostile to staff members and had threatened to harm him. He said that he heard load banding noises coming from inside of [REDACTED]'s room. He said that during his previous checks of [REDACTED]'s room the window had not been broken.

I advised [REDACTED] to email me a statement. I have not yet received the emailed statements.

I took audio statements from Dr. [REDACTED], RN [REDACTED] and RN [REDACTED]. Dr. [REDACTED] said that he was not injured and I did not see any injuries to him. I did not take pictures of Dr. [REDACTED] at the time but I later called and requested that he send me a photo of himself.

I later completed a Sector Ticket on [REDACTED] for Assault 4th Deg.

This case will be forwarded to Tukwila Prosecutor/TMC.
